Our motto is to maximize the synergy between aspirational sections of our society and innovative teaching learning methodologies through futuristic learning materials prepared with a great deal of care. The bottom-line is giving the learners the opportunity to not only acquire a chosen skill but get the maximum out of our resources in minimum time, bridging the gap between skills and aspirations handicapped by geographical or social location. TU is uniquely positioned to help such aspirants overcome the ability divide and push the willing to improve and innovate. We seek to provide traditionally valued qualifications as well as new and value-added skills away from the

#### FOREWORD FROM THE DIRECTOR

The distance and online mode of education is being perceived as the future system of education worldwide. The ongoing trends, particularly those triggered by the COVID-19 pandemic, hint at a paradigm shift in the pattern of education from a conventional class room or face-to-face teaching and learning system to a distance and online mode. In line with these trends, the Govt. of India is also taking up measures to prefer the distance and online mode of education that is clearly reflected in the directives from the Ministry of Home Affairs dated September 30, 2020, which states that, "Online/distance learning shall continue to be the preferred mode of teaching and shall be encouraged". Under these changing circumstances, the institutions offering distance and online academic programmes need to gear up for greater responsibilities.

The Centre for Distance and Online Education (CDOE), Tezpur University, that has significantly reinvigorated itself in the recent years, is making all out efforts to meet the new requirements. Accordingly, the Centre is in the midst of creating new infrastructure and appropriate human resources required for facilitating a world class education in the distance and online mode. In this journey, the Centre requires support and guidance from all stakeholders including its parent organization Tezpur University, students, faculty members, administrative and technical staff, parents/guardians and the general public at large. I hope, with the cooperation from all such angles, we will be able to reach our goal of building the CDOE-TU as a centre of world class distance and online education in the real sense of the term.

### Centre offering the programme:

As enshrined in the Tezpur University Act 1993, one of the prime objectives of the University is “to pay special attention to the improvement of the social and economic conditions and welfare of the people”. Further, the Eleventh Plan Document of the Planning Commission emphasizes how institutions of higher education ought to extend its resources and services towards community development. Towards achieving this, Tezpur University has established The Centre for Inclusive Development (CID) as an umbrella organization comprising the Equal Opportunity Cell, ST/SC Cell, and the Training and Placement Cell which have a good deal of functional commonality. It is envisioned that an invigorated approach to this purpose would be achieved by consolidating the activities and collating the humane and intellectual resources of these three cells. Headed by its Director, the Centre is intended to act as a catalyst to holistic development of students and an interface between Higher Education and Community Development.
